Homes with *a* Vision

A new benchmark for urban living

About The Developer

Established in 2005, AQUA Real Estate Development turned into a full-service development company delivering the most selective residential and commercial properties designed to cater to its clients' needs in terms of quality finishes, smart homes and prime locations.

Built on a vision to be a significant part of Dubai's evolving cityscape, combined with our expertise and experience, we transform our clients' dreams into a reality.

Performing with integrity, honesty and transparency, we firmly believe in adding value to all our projects. Our experienced team of professionals can manage every aspect of a real estate project; from concept idea to completion and even post-handover.

Dubai The City that Never Stops

As a modern and dynamic city, Dubai is constantly growing-upwards and outwards. Under the visionary leadership of His Highness Sheikh Mohammed bin Rashid Al Maktoum, Vice President and Prime Minister of the UAE and Ruler of Dubai, the ambitious growth plans outlined in the government's Vision 2021 have resulted in Dubai's extraordinary success in diversified development.

A safe haven location for private investors looking for both prime residential and commercial property, conveniently located at the gateway between East and West, political stability, business transparency and 0% taxation on capital appreciation, has made Dubai one of the world's most attractive destinations for investment.

The region's most important business hub and home to many of the world's most famous tourist attractions and international commercial exhibitions, as well as a number of new theme parks, the city's ongoing development is forecast to attract millions of visitors and generate tens of billions of Dirhams in revenue per annum.

Dubai Healthcare City

O Ten is a premium residential tower located in Dubai Healthcare City in the heart of Oud Metha.

Dubai Healthcare City is conveniently located, only 4 km from Dubai International Airport and just a short drive off Exit 56. The world's largest healthcare free zone is working towards its vision to become an internationally recognized location of choice for quality healthcare and an integrated centre of excellence for clinical and wellness services, medical education and research, teamed with commercial and residential developments designed by the government's senior civil engineers to produce a flawless living environment.

Scheduled for completion in July 2022, this project offers a truly world-class residential experience.
